## Product Data Sheet

### Torch RT

Torch RT is an all-natural, uniquely colored granular deicer containing only naturally occurring ingredients harvested from the Great Salt Lake. Starting with the tried and true technology of sodium chloride, Torch RT is enhanced with magnesium chloride increasing its melting power and “stick” when applied. Torch RT consistent gradation ensures ease of application, and the long lasting deicing that is needed for most agencies winter maintenance operations. Torch RT unique coloring allows thermal energy from the sun to be absorbed into the granules and assist with melting with less clean up after the storm. For long lasting, all natural and consistent deicing use Torch RT Granular Deicer.

#### Chemical Analysis\*

Components	Units	Typical	MIN/Max
Sodium Chloride	%	97	92.0 MIN
Ca + Mg	%	0.6	
Moisture	%	3	3.0 Max
Water Insoluble	%	0.3	3.0 Max

#### Sieve Analysis (SIZE)\*

U.S.S. MESH	% Wt. Passing	MIN/Max Range	Typical
1/2 inches			100
3/8 inches			90-100
#4			75-100
#8			10-60
#16			15-45
#50			0-10

PNS QPL Approval Category 8B

Bulk Density: Pounds per Cubic Foot 70-73
