Product Data Sheet

IntegriBlend Plus

Production Locations:

All locations

Product Description

IntegriBlend Plus is a blend of 30% liquid magnesium chloride and a concentrated engineered complex sugar. It is an all-natural, environmentally friendly solution for gravel road stabilization and dust control. ***IntegriBlend Plus*** is applied topically and provides enhanced surface stabilization through its enhanced adhesion properties. ***IntegriBlend Plus***'s hygroscopic properties naturally capture moisture from the air keeping the road damp and dust-free for a healthier environment and a safer road.

Physical Properties

Specific Gravity	1.30 +/- .02
Ph (5% Solution)	7 - 9
Weight	10.68 – 11.01
Physical State	Liquid
Color	Colorless to Amber

Method of Analysis

All analyses were performed by a third-party lab.
